

Communication - Whiteboard

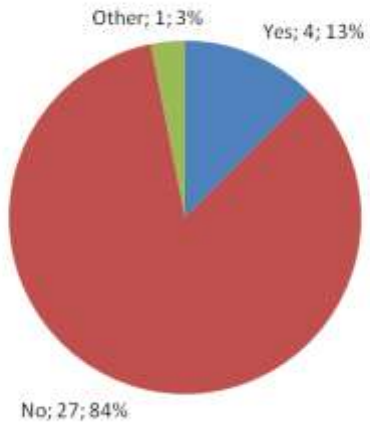

Number of whiteboards in team room sufficient?

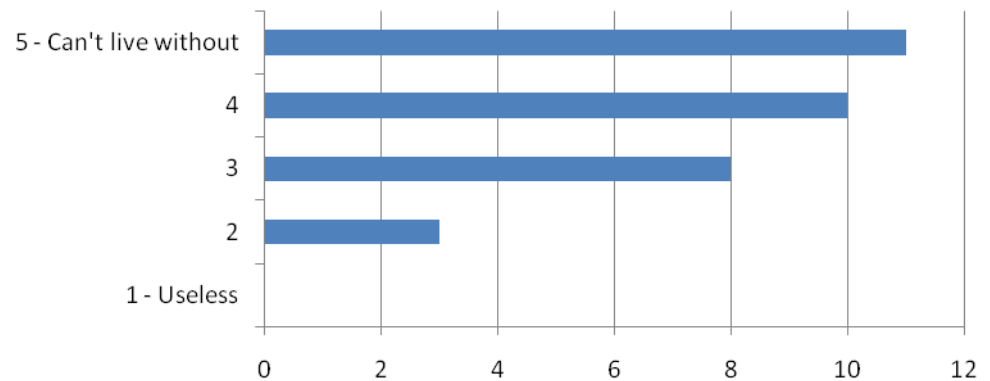

No real surprises.

Are you using interactive whiteboards?

How much value you the use of whiteboards in your daily work?

Whiteboard close to workplaces

Communication - Meeting Room

Is there a room available for discussions with a limited group of team members?

Communication is important, a separate room for meetings is advisable for retro's, specific meetings per role, etc.

If it doesn't work in five minutes...

Communication - Face-to-face

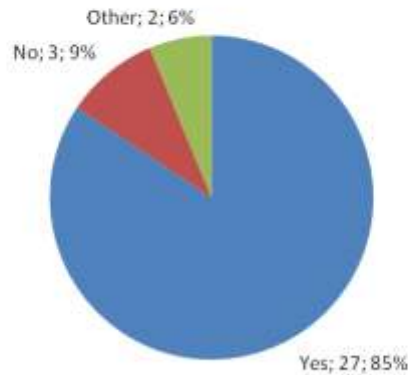

Is the team located in one physical room?

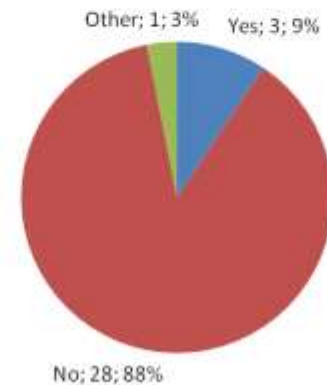

Is the team room too crowded?

Are you able to discuss a topic with other team members from your desk?

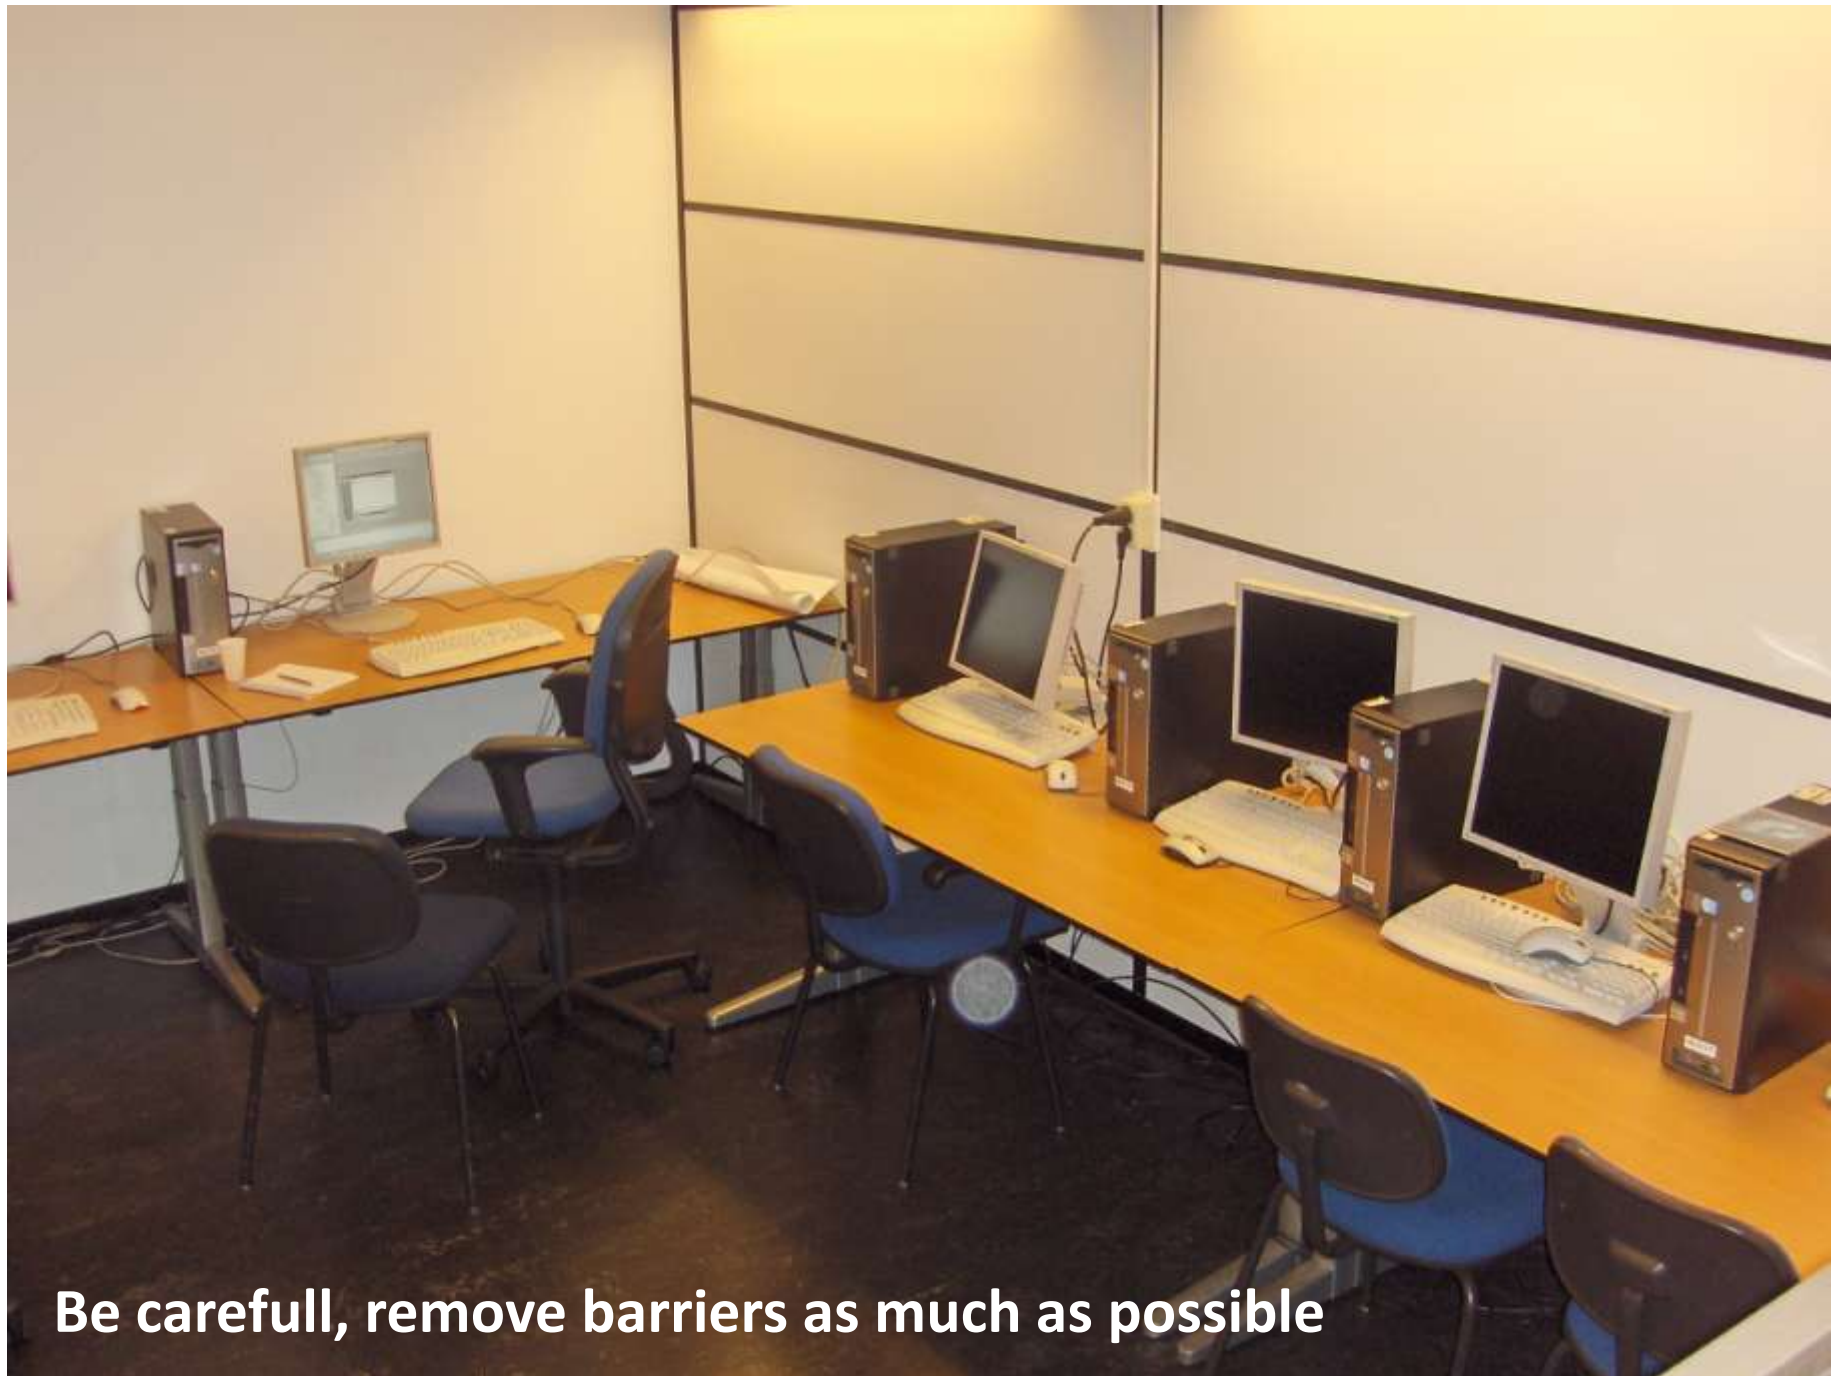

Do you still have doubts if all team members in one room is efficient?

Officer on Duty today

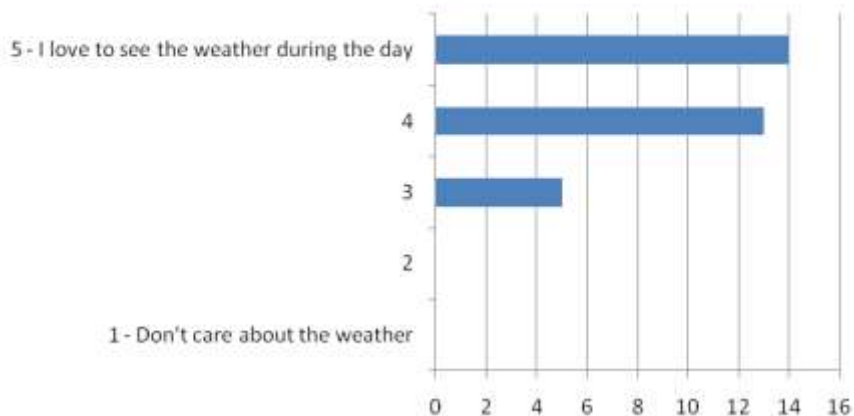

Ben

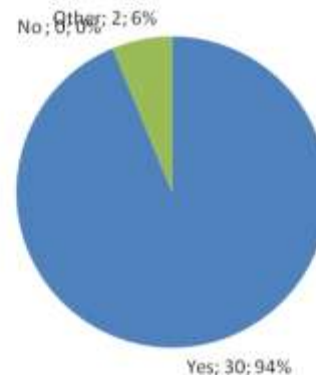

Nature

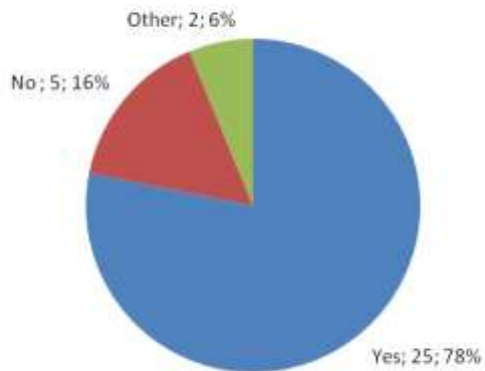

How much do you value windows and seeing the weather outside?

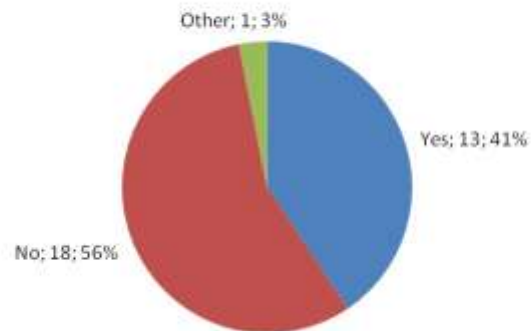

Do you have windows in your office and are you able to see the weather outside

Do you have plants in the office?

Would you like to have more plants in the office?

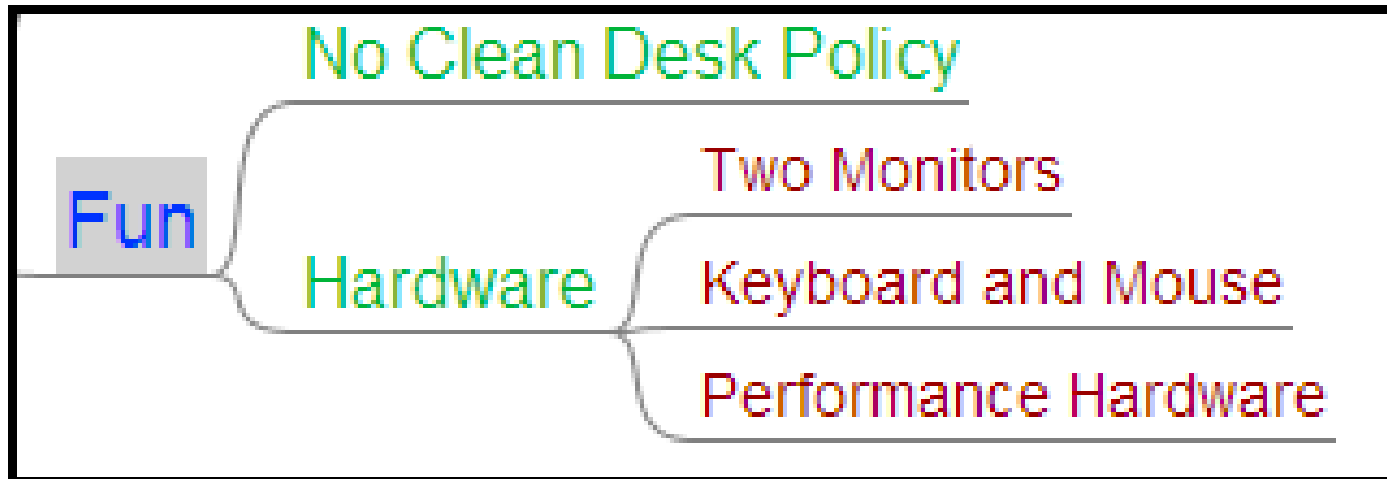

A lot of sun light, careful with setup monitors

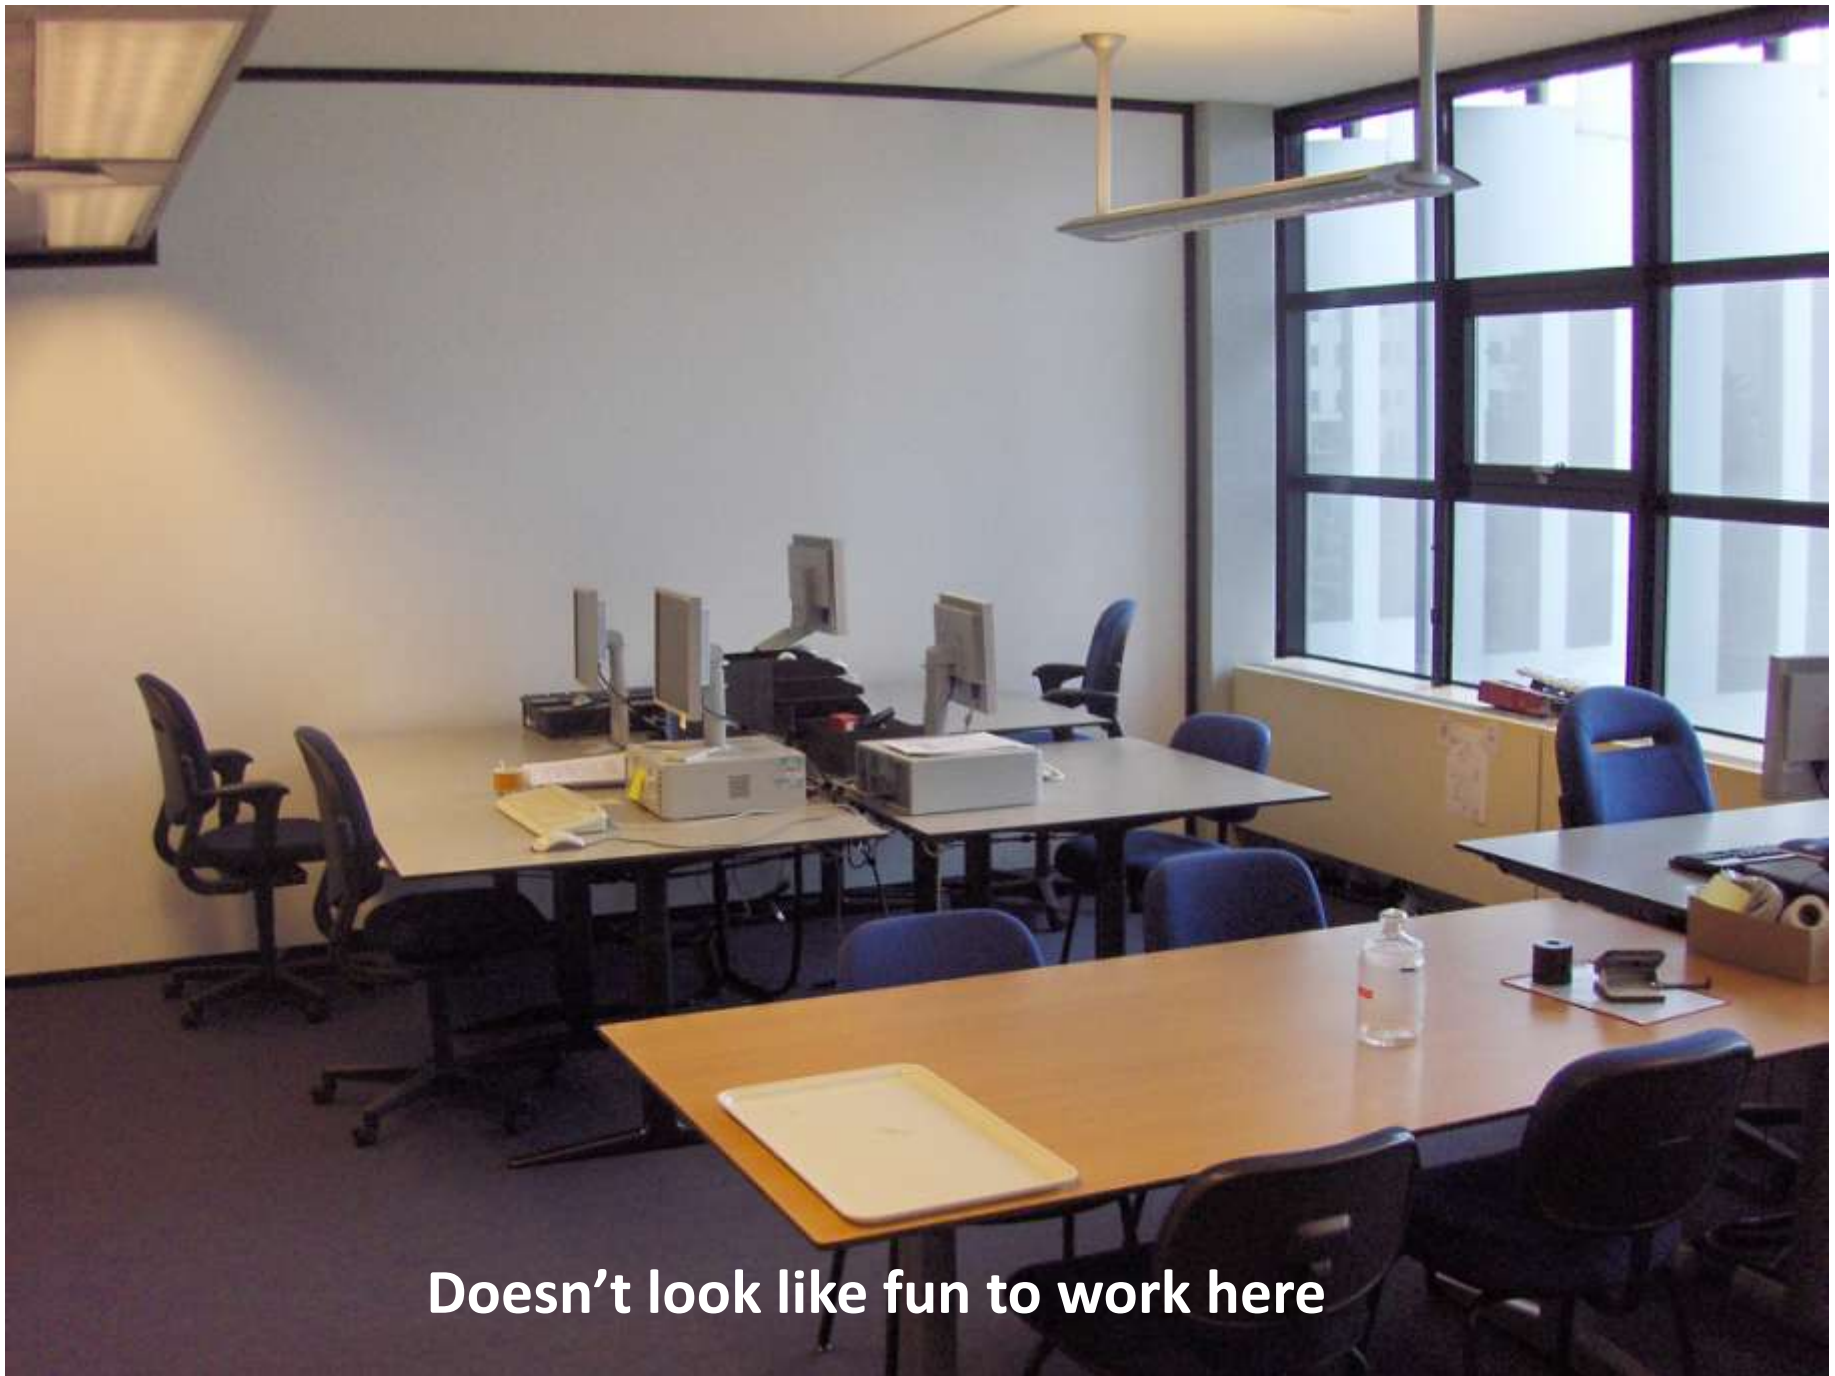

Not much to do with nature... except a cave

Fun

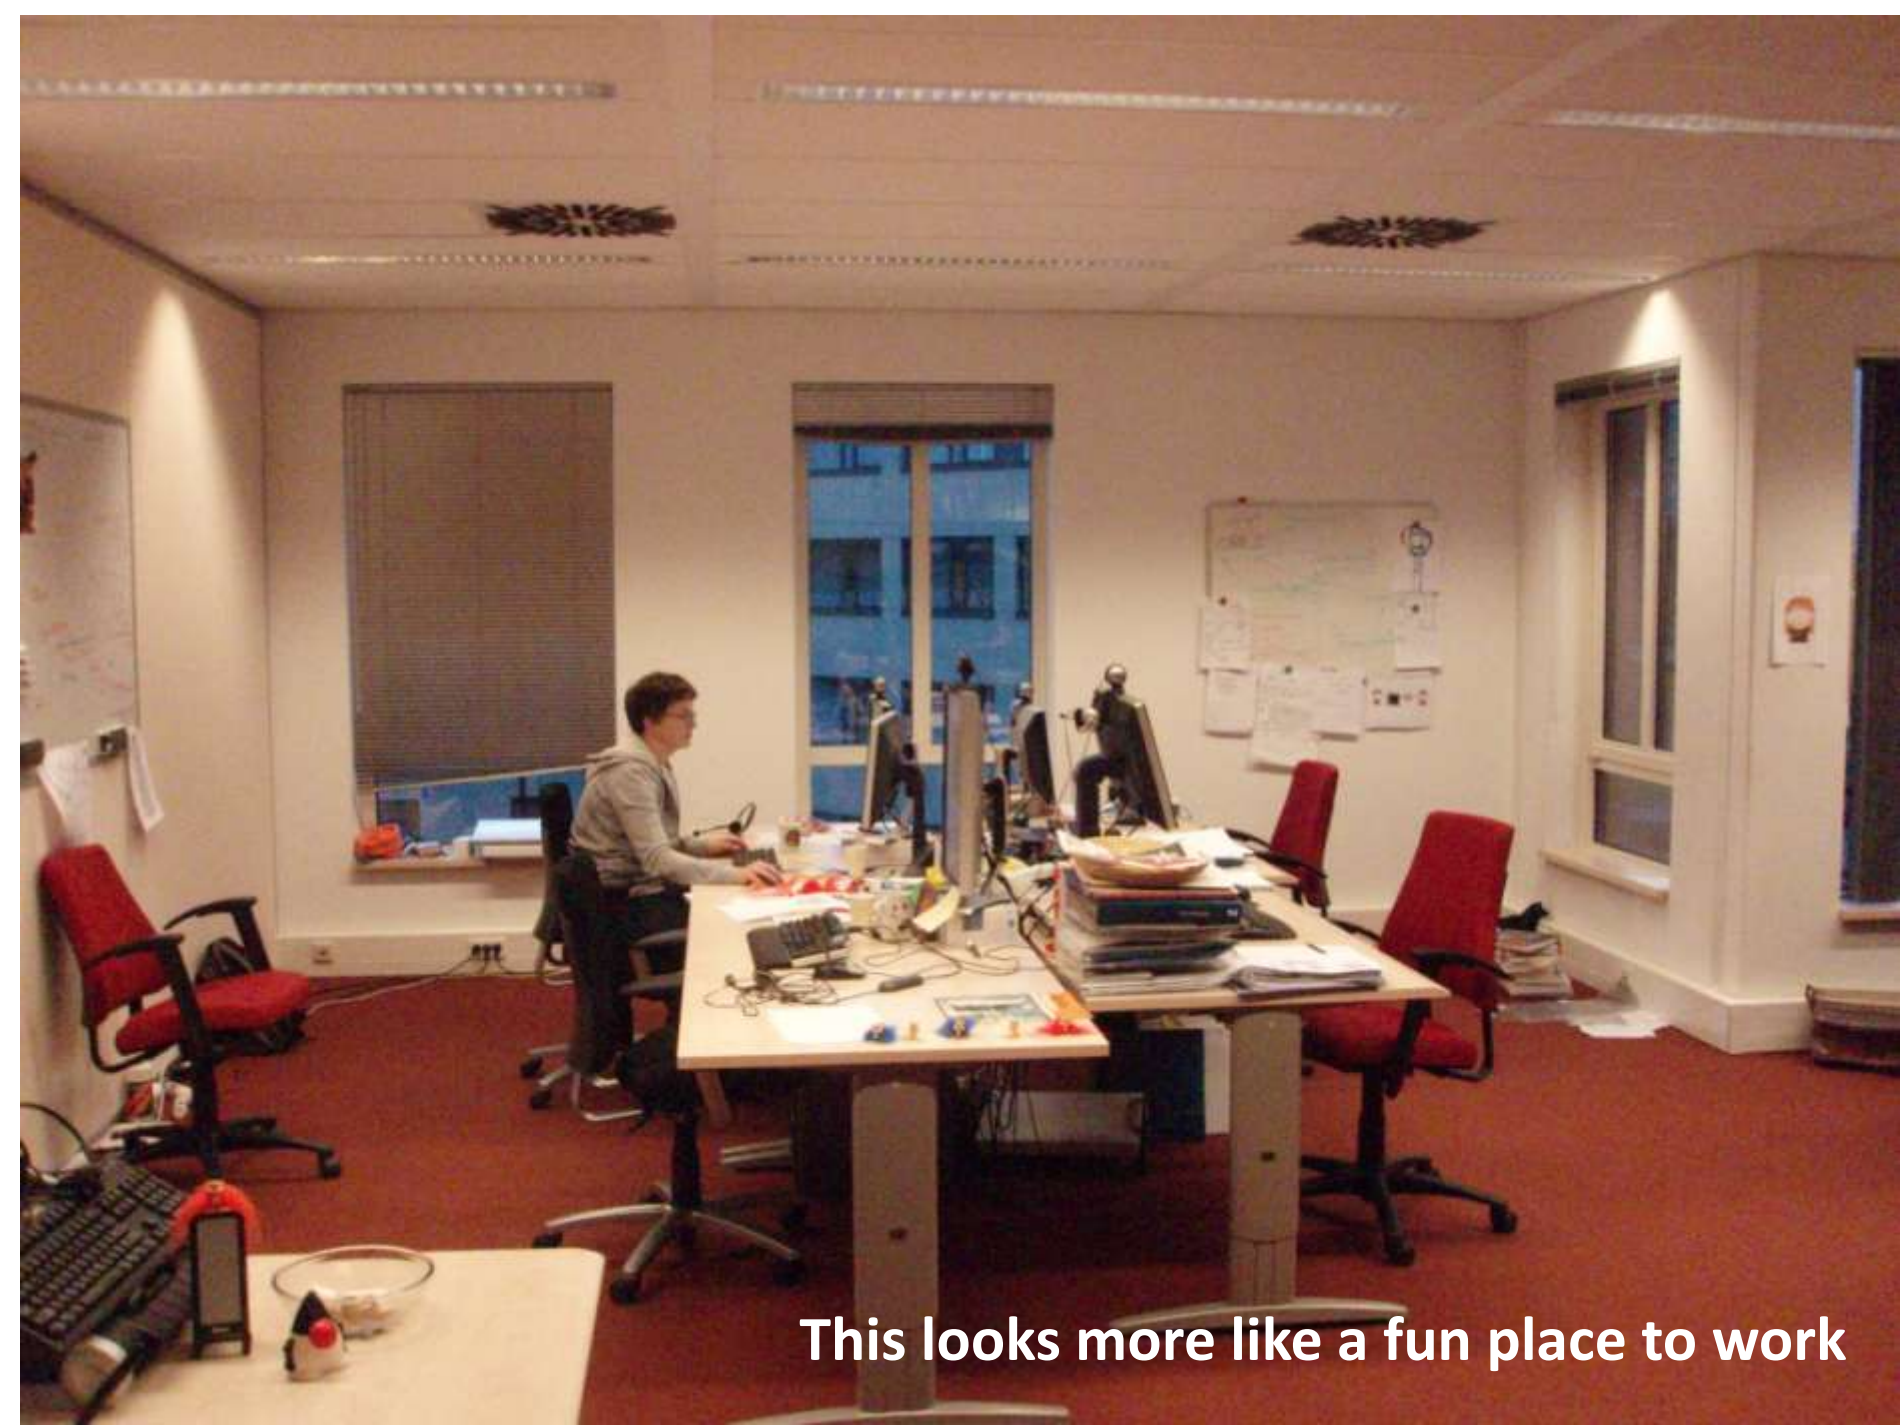

Real fun

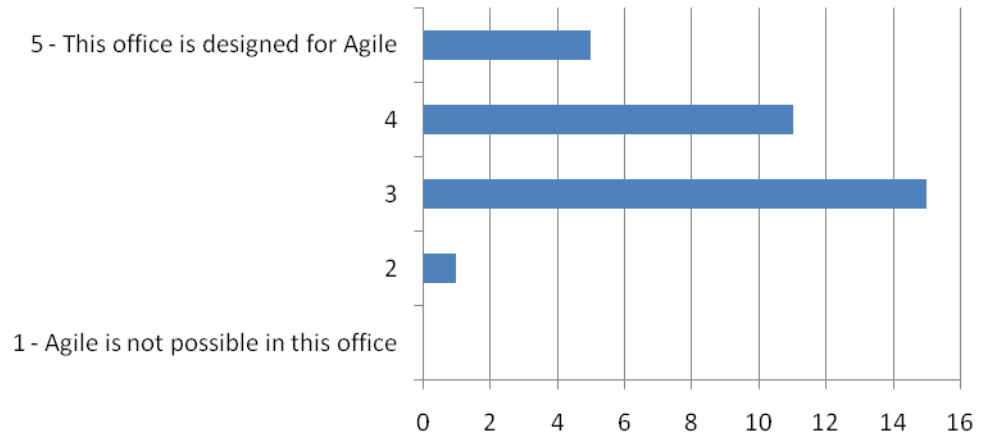

Doesn't look like fun to work here

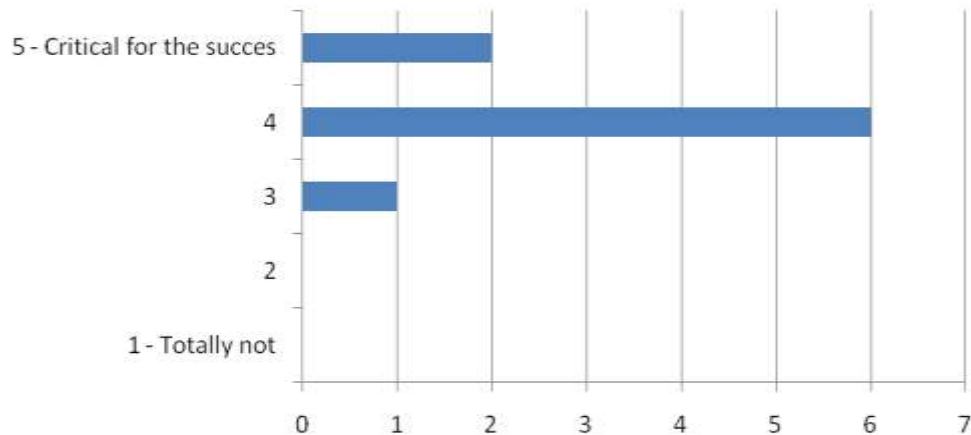

This looks more like a fun place to work

Is your current office helping you in working agile or make life harder?

How important is an agile office to succeed with an agile project?

Discussion / Remarks / Questions

- Without an agile office it is not possible to succeed with an agile office.
- You missed one thing, that is...

Feedback

Lousy presenter

I would or not advise this session to a colleague

Nice Subject

Great photo's but...

Idea good, presentation not good

I would change...

Thanks for keeping me busy

I had a hard time keeping myself concentrated because...
